

The Storehouse
OF COLLIN COUNTY

OUR IMPACT IN 2017

Seven Loaves
FOOD PANTRY

11,866 families received **1,726,187 lbs.** of food from the pantry last year. We now serve an average of over **1,000 families** each month.

We provided **\$963,361** worth of food - almost **ONE MILLION** dollars in groceries towards fighting hunger and food insecurity in Collin County.

Our volunteers clocked **17,973 hours** of service. That's equivalent to **10 full-time employees** maintaining our operations.

Joseph's Coat
CLOTHING CLOSET

Our closet distributed **40,540 articles** of clothing to **2,676 families** consisting of **10,480 individuals** last year.

The winter months are harsh for families without the proper attire. We provided more than **800 winter coats**. Over **500** of the distributed coats were for children.

Multiple individuals reported that the **suits** and **professional attire** we provided helped them "seal the deal" at their job interviews.

Project Hope
EQUIPPING FOR LIFE

Pro bono therapists and staff provided over **1,000 hours** of **counseling & crisis care** to program participants, children, and walk-ins.

5 women completed the year-long program. All are **financially independent** and have increased their household income.

Over **10 families** received assistance with car repairs. One family received a refurbished vehicle on an affordable **interest-free loan**.

Participants attended two retreats and various **enrichment** events to foster **community** and combat the negative impact of isolation.
